

ISEC Home Pest Management Post-Program Evaluation

You recently participated in a program called ISEC Home Pest Management. We are interested to determine if this program resulted in changes in behaviors which help to rid your home of pests.

Please indicate if the program has influenced your adoption of the following practices by placing an “X” in the appropriate box.

Behaviors	Yes	No	Adopted prior to program
Inspect and repair sites where pests can enter			
Store dried foods in pest-proof containers			
Prune trees and shrubs away from home			
Dispose of leftover pesticides properly			
Do not leave dirty dishes in the sink			

Please indicate if the ISEC Home Pest Management program has resulted in a reduction in the amount of pesticides you use in your home by placing an “X” in the appropriate box.

Yes	No

If you answered “Yes”, please estimate the percent reduction: _____

Please return this survey in the self-addressed, stamped envelope provided. Thank you very much for taking time to evaluate our programs.
